

# Santa Crow – Happy Holidays Ornament

Cross Stitch Pattern Packet

Just a little holiday gift from me to you!!! I hope you can make an ornament or something fun out of this.. Just a little thank you to everyone who makes Kaniki's possible...

I charted this for 32 count- and suggested 2 over 2- for a thread count- to make sure that everyone gets enough thread- and doesn't end up short- while stitching. This, however- is a total personal preference, and It's really all up to you. You decide- it's yours to have some fun with!!!! I also charted a circle around the crow- and it's to be done with either little x's or just use it as a guideline- if you plan on doing a circle ornament.. Or- lol- by all means- ignore it completely- and make yours a totally unique shape- all of your own.. So many choices!!! I know!!!!

Basic cross stitch x's are used throughout this entire piece, as well as some back stitching.

I've also charted this using DMC threads- however- again- go ahead and have some fun with some "Fancy Floss" as they say!!! I know I will.. By all means- this is all yours and you, so have some fun with colors!!!

Finishing for this chart is entirely up to you...

Please note!!! I don't wish for anyone to "adapt" this cross stitch pattern into any other pattern on their own, as it is my design. You also may not sell this as a pattern- or use for commercial purposes. Just have some fun with this- and share if you wish- with your stitchy friends- but be sure to give credit to me as the designer if you will.. I very much appreciate that!!! If you've any questions regarding this- please do let me know....

Last thing, before you get stitching- is that if you'd like to order linens, threads, or other supplies just send me an email, visit me online, and/or find me on facebook!!! I sell and carry almost all supplies used for each pattern I make...

And again- if you ever have any questions- please just get in touch with me!!!

Thanks So Much & Happy Stitching!!!

Blessings

Niki

# Santa Crow Ornament- Happy Holidays
